# Highlights of 2023: General IG

- **Individual**

- New leadership position roles for individual DA team members include: RySG GNSO Council representative.
- Continued and enhanced leadership roles for YCIG EC and global Youth network.
- New positions of influence into the IG development: Policy think tank research board.
- New partnership opportunities for collaborative IG projects/efforts. Local APIGA, DC-CRIDE cooperation re .KIDS and YIGF.

- **General**

- Strategic position paper created and mid year and finalized after APriGF (additional data to be collected using this output to commence in 2024).

# Data set adjustments and improvements

- Data set period/cycle IGF to IGF
- Comparisons may be a bit more difficult between 2022 due to some changes in the data sets collected and some changes in measurement.
- Instead of working group/session hours, it is now number of sessions. This will allow better coherence when looking at mentions of DotAsia works or branding opportunities.
- Collection of data may be time-consuming require additional judgment and analysis, as such the form will be improved and DA team members encouraged to update per quarter.
